One size does not always fit all, so Medela developed PersonalFit™ Breastshields in a range of sizes to meet every mom's needs. Lactation professionals agree that proper breastshield fit is essential for not only comfort, but also for effective milk expression. Learn more about choosing the right size breastshield.

PersonalFit™ Breastshields | Medela

Rated 5 out of 5 by Starshine from Great pump and amazing customer service I got this pump supplied by my insurance in the hospital, and I exclusively pump for my son. I have tried many other pumps, ones highly recommended, but my body responds the best to this one. I have made it almost a year exclusively pumping with my pump in style advance.

Welcome to The Babymaze - your local online guide

Let's start with that last question, the one about protocols. Protocols are step-by-step approaches to inducing lactation or relactation. Your protocol answers most of the other questions, because it suggests your specific procedure for inducing lactation or relactation: details about hand expressing, pumping, nursing, medications, herbs, and more.

Nausea is common during the first trimester of a pregnancy, and most women expect it. But what about nausea during the third trimester? If you're experiencing nausea just before labor, you may be wondering what is happening. Here are five of the most common questions and possible explanations for the nausea you're experiencing.

Third Trimester Nausea: Your Top 5 Questions Answered

I'm 11 weeks pregnant and need to stop breastfeeding my toddler, who wakes up twice a night to be fed. I've tried feeding her right before she goes to sleep, not going to her in the night, giving her cows' milk instead of breast milk, and having her father comfort her -- but nothing works.

How can I wean my toddler from breastfeeding? - BabyCenter

Preparing for Childbirth (Elmhurst Hospital) Childbirth Weeknight Series - This is a series of classes that helps parents-to-be prepare for their baby's birth by hearing about what to expect during labor and during their hospital stay.
