The Skills Builder Framework breaks down each of the eight essential skills into fifteen tangible, teachable and measurable steps. We can use it with children, young people and ourselves to clarify what success looks like in each skill and to map out the trajectory for proficiency. It's the culmination of four years of learning and builds on the expertise of over 60 leading organisations and ...

"I think the world of Web development is becoming easier and easier but it's also making it harder for guys like me to find work because so many people want to use out-of-the-box responsive layout sites that are easy to implement and launch. I personally would much rather make a site from scratch than use a template.
