An intrusion detection system (IDS) is a device or software application that monitors a network or systems for malicious activity or policy violations. Any malicious activity or violation is typically reported either to an administrator or collected centrally using a security information and event management (SIEM) system. A SIEM system combines outputs from multiple sources, and uses alarm ...

Abstract: In pediatric medical practice it is common to encounter situations that represent a dilemma for health professionals. A dilemma occurs when ethical problems found in professional practice cause serious internal conflicts because they imply actions that contradict their colleagues, employees, or their own personal values and are classified as personal value conflicts, conflicts with ...

Sexismo, discriminación sexual o discriminación de género es el prejuicio o discriminación basada en el sexo o género, también se refiere a las condiciones o actitudes que promueven estereotipos de roles sociales establecidos en diferencias sexuales. [1] Las actitudes sexistas se sostienen en creencias y estereotipos tradicionales sobre los distintos roles de género.
