Google Question What are the first 10 consecutive digits of e that form a prime number? Any idiot can build a script to cycle over the digits of e, running them through a basic primality test -- I think an episode of Entourage hinged on such a plot point. In fact, this is so easy, I wonder if maybe Google is actually asking about e the vowel. Cracked Question Calculate all the digits of 5.

Questions for Catholics and Orthodox: If the Roman Catholic church gave the world the Bible, being infallible, then why did Rome reject or question the inspiration of James and Hebrews , then later accept it?

Irrefutable questions that Roman Catholics can't answer

But there's a problem with both of these theories. Plants and microorganisms, otherwise known as "things without brains," have dormant states that are very similar to sleep, which kind of puts doubt on the whole "sleep is good for the brain" theory. Then there's the fact that scientists have found certain humans who can go without sleep with no ill effects.
