Jewish, Kabbalistic, & Messianic Symbols:

A symbol is a mark, sign or word that indicates, signifies, or is understood as representing an idea, object, or relationship. Symbols allow people to go beyond what is known or seen by creating linkages between otherwise very different concepts and experiences. All communication (and data processing) is achieved through the use of symbols. Symbols take the form of words, sounds, gestures ...

No, you shouldn't. If you need up-to-date symbols for a machine that is not connected to the Internet you create a manifest using symchk with the /om argument and then copy the manifest (not all .exe/.dll/... files) to a machine with Internet access. There you can use symchk again, but this time with the /im argument, to download PDBs for the files referenced by the manifest.
