Having trouble tracking down differential linear hall effect ICs or prismatic supercapacitors for your latest power design? Sam Davis, the editor of Power Electronics Technology, has pulled together all the power electronics...

Power Electronics

Manufacturer of solar inverters, variable speed drives and electronic soft starters. More than 25 years of experience in power electronics to assist you.

Power Electronics - Solar inverters, VSD and Soft starters.

The most robust, reliable and efficient solar inverter of the market. We are experts in the integration of all types of grid topologies.

Our name Power Electronics ® means quality and reliability in electronic motor controls for industry since 1969 - Manufacturing the highest reliability Variable Speed Drives, Soft-Start Controls, and Control Panels to complement your industrial and material handling equipment.

Power Electronics®

Power electronics is the application of solid-state electronics to the control and conversion of electric power.. The first high power electronic devices were mercury-arc valves.In modern systems the conversion is performed with semiconductor switching devices such as diodes, thyristors and transistors, pioneered by R. D. Middlebrook and others beginning in the 1950s.

About Us. Puleo Electronics Inc. was founded in New York by Rosario Puleo in 1968. It has since grown into a global company with customers and affiliates worldwide.

Puleo Electronics

High power rectifiers. DC or AC power from ABB - reliable, efficient and robust. ABB's high power rectifiers and converters provide maximum availability and highest productivity.

ABB High power rectifiers - Power electronics

Standex Electronics' ATC-Frost Magnetics Division offers a broad range of standard and custom power magnetics to fit most any need in low frequency (50/60Hz to 400Hz range) and high frequency (20 KHz to RF range), power inductors and common mode chokes.
